

World Landscape Architecture Month 2010 – CSLA Poster Competition Criteria

Every April the Canadian Society of Landscape Architects (CSLA) and the International Federation of Landscape Architects (IFLA) celebrate World Landscape Architecture Month (WLAM). The purpose of World Landscape Architecture Month is to bring national recognition and awareness to the profession, landscape architects, and works of landscape architecture in Canada. One of the key communication tools of the month long celebration is the CSLA World Landscape Architecture Month poster. Each year the CSLA sponsors a poster competition, and the winning poster design is distributed across the country to our component associations, schools, members and professional offices, and to public governments and organizations. **Show us your creative genius for World Landscape Architecture Month 2010!**

Eligibility: Students of Accredited Landscape Architecture Programs, and LA Interns in CSLA Member Offices
